## INTERNATIONAL DEVELOPMENT

RICERCA E COOPERAZIONE - EUROPEAN UNION Beirut

Project Director / Trainer - International consultant for an Italian NGO involved in economic development in Lebanon. Trained Palestinian architects and engineers in the formation and function of a full service design/engineering firm. Program involved both course work and actual design/construction projects run as practicum for the training.

## EXECUTIVE DESIGN DIRECTION

HANCOCK HOLDING LLC New York

Owner - Developer, designer and resident manager of a multi-family mixed use property in Brooklyn's Bedford-Stuyvesant section. Gut renovation of 4200 square foot corner building into a vibrant multi-family property in a transitioning historic residential neighborhood.

GIORGIO ARMANI CORPORATION New York

VP, Store Development - Directed a six person team in the kick off of an ambitious 3 year, 250 shop roll out in major luxury department stores throughout North America. The group was also responsible for all renovations, new construction and maintenance of 24 stand alone retail locations. Responsible for all negotiations, budget, schedule and timetables. Crucial among the executive duties were maintaining relationships with both internal partners and key wholesale retailers.

ROCKWELL GROUP / STUDIORED New York

Project Director / Design Strategist - Initially contracted as Senior Project Manager for renovation of FAO Schwarz in Las Vegas. Individually responsible for full development of initial design-concept through construction management of fast track of this 55,000 sf. store. Generated full construction CADD documents and specifications plus on-site contract administration through store opening. Subsequently employed as Senior Design Strategist within Studiored®, a multi disciplinary studio engaged in product development and immersive environments for global hospitality, product and retail clients.

HERMES OF PARIS New York

Director of Project Management - Owner representative for all new construction and renovations of 13 stores in the US. Responsibilities included budget management, project schedule oversight, contract negotiation, oversight of architectural, engineering & security professionals, on site review of project status & design sensitive troubleshooting.

BLOWPLAST LTD. Mumbai

Consultant - Design development of an office landscape system for production and marketing in the sub-continent. Researched and developed full materials and finishes line. Participated in national promotional tour for program introduction. (The Michael Andaloro Collection®)

## DESIGN PRACTICE

ANDALORO ASSOCIATES INC. New York

Sole Proprietor - Managing a support staff of 2-5 people provided full design service for a range of commercial and retail projects. Individually responsible for all initial design concept through to include construction management.
